

The Nick Knapp Kindness Group

Survivors of Suicide Loss

THANK YOU, Elgin County OPP

Another success thanks to the support and participation of the community. This years 4th annual Suicide Awareness walk was held in West Lorne and has taken place over the past 4 years after the loss of my brother by suicide.

A lot of other communities hold a walk as a sign of speaking out for what we believe in! This walk is telling our community that we no longer want Suicide to be a taboo word! We no longer want families to live in the darkness after the loss of their loved ones because of the stigma attached to this word!

Not only does your attendance prove to our family that you support our efforts, but the ripple effect when the community can see the participation from our local officers; it shows we can trust you, talk to you, and count on your help and support in a communities time of need!

So for all of this and for the next 4 years we would like to THANK YOU!

The Knapp Family,

Melanie McLeod
